IBM Blueworks Live
4 USER TYPES

01

EDITOR
Editors can create, modify, copy and publish process models. Editors can add comments on the processes

02

CONTRIBUTORS
Contributors view process models and add comments on the process models. However, Contributors cannot create or modify the process models

03

VIEWERS
Viewers can see processes. However, Viewers can not modify or comment on the process models

04

COMMUNITY MEMBERS
Community members cannot view published process models or add comments. However, they can participate by creating and editing posts.
